

INDUSTRIAL SAFETY

18th to 20th October 2022, Olkiluoto NPP, Finland

The Workshop will be organised by WANO Paris Centre in collaboration with TVO, Olkiluoto NPP, Finland.

Shortfalls in Industrial Safety have a potential to lead to the most severe consequences. Understanding why these events occur and identifying where the main weaknesses are is the key to prevent them from happening. Furthermore, Industrial safety is a substantial contributor to events classified as Significant and therefore it has been one of the WANO focus areas since 2018.

In March 2022, WANO PC issued the Industrial Safety Fleet Analysis Report, which provides with an up to date picture based on the performance of WANO PC member plants. The Report describes the main causes of identified gaps and points out main drivers.

Topics

The scope of the workshop is focused on drivers identified in the Industrial Safety Fleet Analysis Report:

- Compliance with Live saving rules
- Work preparation, Risk assessment
- Management leadership and support
- Sharing experience to improve performance

Objectives of the Workshop

Participants are encouraged to come to the workshop prepared to share their challenges and experiences at their site.

Through sharing information, WANO expert presentations and member testimonies, each delegate is asked to take away improvement techniques and/or practices that she/he will adapt and/or implement at her/his station.

Break-out sessions

Breakout sessions will be a time for structured interaction with colleagues and allow identification of problem-solving techniques to be applied to real life situations.

Target group

The main target category for attending are Industrial Safety managers/leaders on site and corporate level. Other functions involved in or driving change within Industrial safety are also relevant.

Arrival and Departure

Participants should arrive at the hotel on the evening of Monday 17th October. A get together will take place on Tuesday evening, 18th October.

The workshop will end at 13:00 on Thursday, which should be the earliest time to depart.

INFORMATION

18th to 20th October 2022, Olkiluoto NPP, Finland

Seminar language

The seminar language will be **English**.

Register on-line

Registrations should be completed online before **18th September 2022** at the following web address:

www.wanopariscentreregistrations.com.

A confirmation letter will be sent to each participant following their registration.

The number of participants is limited to **30**.
