

## FIRST ANNOUNCEMENT

# Fire Safety workshop

20<sup>th</sup> – 22<sup>nd</sup> of September 2022, Forsmarks NPP, SWEDEN

Fire Protection is the subject of significant repeat and generic AFIs across WANO member organisations. Gaps identified in the area of fire protection present a significant risk to nuclear safety, plant integrity and personal safety.

Fire Protection is one of the priorities defined by WANO for providing support to WANO members.

### **Objective of the Workshop**

To share experiences and good practices amongst WANO members, to achieve excellence in fire protection.

### **Topics**

The programme will comprise of presentations from invited speakers:

- Analysis of AFIs and MSM on Fire safety from the last 2 years
- Testimony of feedback from Improvement of Fire safety
- Exchanges of experience between different companies and from other industries
- Supervision and oversight.

### **Break-out sessions**

Breakout sessions will be used to allow time for structured interactions in practical situations.

### **Target group**

Site Fire Protection Senior Managers, from the nuclear industry responsible for Decisions and Leading Activities in Fire Protection Area.

The workshop will be mentored by an Industrial Representative in Senior Management position, in order to provide references, support, understanding, insights and vision.

### **Arrival and Departure**

Participants should arrive at the hotel on the 19<sup>th</sup> of September. The workshop will end at 13:00 on 22<sup>nd</sup> of September. An optional visit of the Forsmarks NPP will be proposed for the volunteers.

### Workshop language

The workshop language will be English.
