

WORKSHOP STAYING ON TOP

25th – 27th March 2025, CGN Headquarters Shenzhen China

The Workshop is organised by WANO Paris Centre and hosted by CGN Headquarter - China.

Background

This workshop will provide a platform for sharing the experiences in the Staying on Top (INPO 19-003) values. The Workshop is relevant every organisation to advance in a culture of continuous improvement. INPO defined 5 areas to prevent declining and improve the NPP skills: self-Awareness and Self-correction, Setting Long-Term Direction, Leadership and Talent Development, Excellence Standards and Continuous Learning.

Learning to understand these values and use them in daily business will improve our work and by embracing this culture of improvement we are able to show stations what the benefits are and help them as well.

Objectives

The workshop provides a platform for experience exchange for the WANO members about their situation and strategies to improve a Culture of Continuous Improvement (CCI) among all nuclear professionals on all levels. It should give the opportunity to learn from each other how to improve and receive a better understanding of CCI, how to address the behaviors on short, medium and long terms and implement it in station's cultures.

Topics

The workshop covers the following:

- What are the expected behaviors and how to go into this journey?
- Hopefully, a lot of presentations from members with experience in this journey with do's and don'ts.
- Five break-out sessions for every value to discuss them in detail.

Break-Out Sessions

- Breakout sessions or group work will be used to allow time for structured interaction with colleagues and to identify potential improvements for their organisations and to get insights in experienced and implementations.
- Each working group will be invited to develop lessons learned summary and to present their findings to all attendees.

Target group

The workshop is opened for all WANO members. Through sharing information, WANO and member presentations, each delegate is asked to take away improvements to adapt and implement at the own station.

Participants are invited to share their experience on this topic and to present this to the audience.
