

EQUIPMENT RELIABILITY

MAIN TOPICS: CORROSION PREVENTION AND AGEING

28-30 June, Ringhals NPP, Sweden

The Workshop will be organised by WANO Paris Centre in collaboration with Ringhals NPP, Sweden.

Objectives

This workshop will deal with questions related to Equipment Reliability. **Corrosion prevention and recovery** will be addressed, as well as **ageing management** – in particular concerning concrete structures.

Participants are encouraged to come to the workshop prepared to share their challenges and experiences at their respective plants. Through sharing information, it should be the objective of delegates to take away improvement techniques or practices that they will implement at their own site.

Topics

Among others, the following topics will be covered:

- Main gaps to excellence in Equipment Reliability based on WANO fleet analyses
- Corrosion prevention and recovery
- Ageing management, concrete structures and piping
- Efficient walkdowns to identify areas of interest (seismic, ageing, corrosion, various forms of non-compliance, etc.)
- Equipment performance and monitoring

Breakout Sessions

Breakout sessions will be used to allow time for structured interaction with colleagues and to allow problem-solving techniques to be applied to real life situations.

Presentations

Participants are welcome and encouraged to give a 45-minute (including Q&A) presentation on a topic of relevance for the workshop. Existing problems/issues as well as successfully solved problems are useful experiences to share. Please indicate when registering if you would be willing to give a presentation.

Target group

The Workshop will provide a platform for experience exchange and networking among the representatives of WANO Paris Centre members. The target attendees are managers, process owners and others with responsibility to drive performance improvement regarding Equipment Reliability.

Arrival and Departure

The workshop will start directly in the morning of Tuesday June 28th. Participants are recommended to make their plans to arrive at the hotel in Varberg on the evening of Monday June 27th.

The workshop is going to end at 12:00 on Thursday June 30th, which should be the earliest time to depart.
