

PERFORMANCE IMPROVEMENTS USING INDICATORS, MONITORING AND TRENDING

15th – 17th September 2020, Borssele NPP, Netherlands

The Workshop will be organised by WANO Paris Centre in collaboration with EPZ, Netherlands.

Topics

Participants are welcome to offer their presentations with the aim to stimulate discussion. The topics will be as follows:

- The role of WANO and possible support in plant improvement processes.
- Overall results of the WANO Indicators. Trends and limitations in how these can be used. Comparison between the WANO Paris centre and INPO standards regarding reporting of performance indicators.
- Information on relevant WANO guidelines and other supporting documents, i.e.
 - GL 2019-01 "Performance Monitoring"
 - GL 2015-01 "Implementing a Framework to Significantly Improve Nuclear Plant Performance"
- Improvements as a result of using indicators, continuous monitoring, etc. in the US (WANO Atlanta Centre / INPO)
- Testimonies/presentations of members on good experience and/or challenges in using indicators, monitoring and trending to drive performance improvement.
- Fictional exercise focused on the appropriate selection of indicators to monitor depending on what performance change is required.

Objectives

This workshop will deal with questions regarding how to use performance indicators when developing and implementing an improvement plan, and how to sustain high performance. The workshop will include positive examples of how members have used performance indicators in improving their performance. In addition, the workshop will address the use of relevant WANO guidelines and gaining appropriate WANO support in delivering measurable improvement, achieving an aligned plan and transitioning into and monitoring/measuring effective implementation.

Participants are encouraged to come to the workshop prepared to share their challenges and experiences at their site. Through sharing information it should be the objective of each delegate to take away at least one improvement technique or practice that they will implement at their own site.

Break-out sessions

Breakout sessions will be used to allow time for structured interaction with colleagues and consideration of the major themes.

Target group

The Workshop will provide a platform for experience exchange and networking among the representatives of WANO Paris Centre members. The target attendees are managers, process owners and others with responsibility to drive performance improvement and/or to monitor performance by indicators and trending.

Arrival and Departure

Participants using the accommodation are recommended to arrive at the selected hotel in Middelburg on Monday evening September 14th. A get-together, including a buffet, will take place on the evening of the first workshop day, Tuesday September 15th from 19:00 to 21.00. The workshop will end at 12:00 on Thursday September 17th.
