

## SOER RISK MANAGEMENT WORKSHOP

28 – 29 October 2020, [on-line event](#)

**The Workshop / Seminar will be organised  
by WANO Paris Centre**

### Topics and objective

Peer Review evaluations show that the recommendations of the SOER<sup>1</sup> 2015-2 “Risk Management” has still a low number of satisfactory implementation (SAT) of the recommendations.

In line with member requests, WANO Paris Centre has decided to organise this workshop with these main objectives:

- Address generic issues related to SOER 2015-02 implementation
- Explain the background and purpose of the SOER
- Provide information on good practices, i.e. answer to the member question “what does good look like?”

[This is a re-announcement of a workshop initially planned as a normal meeting.](#)

### Programme

The methodology for this workshop will be presentations given by WANO Paris Centre, explaining each of the SOER recommendations, presenting the status of implementation and providing some advice on how to reach SAT. There will be an opportunity for participants to submit specific questions in advance, to have them addressed.

### Interactive sessions

Participants in advance of the workshop will answer polls/questionnaires, in order to use them as basis for shorter interactive sessions.

### Target group

The attendees should typically be the SOER owners and responsible managers from the different NPPs and Corporates, as well as others engaged in risk management.

### Schedule

The on-line event will take place in two separate sessions:

- Wednesday 28 October from 13:00 to 16:00 CET
- Thursday 29 October from 09:00 to 12:00 CET
